

HC TPC 2A

TPC-2A light enough to carry everywhere, power enough to go anywhere and packed with get the job done design. TPC-2A is ready to go under the mobile professionals. With a large 8.4" LCD to provide you the portable and small size computing device. Power by VIA C7-M Processor.

Technical Specifications

Processor

- VIA C7-M Processor (1-GHz, Ultra Low Power Consumption, Ultra Low Heat)

Chipset

- South Bridge VIA VT8237R+
- North Bridge VIA VN800

Memory

- 512-MB DDR II DRAM (533-MHz)

Graphics

The integrated UMA 64-MB AGP 8X LVDS 2D/3D graphics, and the External VGA/Monitor port supports up to 1600 x 1200 resolution, depending on the external monitor's capability, resolution and color depth settings.

Display

- 8.4-inch TFT SVGA (800x600 / 262k colors / RGB 6-bits)

HDD

- 2.5" 40-GB

Multimedia

- Internal microphone and speakers (AC-97 Audio On-board Sound, 16Bit Stereo, Full Duplex)
- External volume controls via hot key setting

Pointing Device

- Touch Panel Screen and Stylus Pen

Wireless Connectivity

- Wireless LAN : IEEE 802.11g.
- Bluetooth : Class 2 integrated Bluetooth® module with internal antenna, compliant with Bluetooth® specifications version 1.2

Communication Interface

- 10/100Mbps Base-T Ethernet LAN
- High speed 56Kbps V.92 Fax/Modem

Battery

- 6-cell 4400mAh Removable Lithium-Ion Battery Pack
- Short circuit
- over-charge, over-discharge, over-current and abuses protected

Power Supply

- External AC Adapter (175g / AC Input 100~240V, 50/60Hz, 2 Pin Inlet 8-Shape / DC Output 16V, 3.7A, 5.5x2.5x10 S Type)
- includes Power Cord

Accessories

- Stylus pen (1Pack)
- VGA connection cord
- power cord
- panel cloth
- smart case (optional)
- adapter pouch.

Operating system

- Microsoft® Windows® XP Home
